APPROVED:

R. H. EDWARDS, Deputy Chief Engr., Fac. Design Div.

In Engineering Instruction 85-35 (September 17, 1985), we suggested that "Where appropriate we should request a waiver of overtime restrictions from the Commissioner of Labor in advance and include this information in the I/D Special Note". This is to advise you that we have attempted to obtain a waiver of overtime restrictions and it has not worked out satisfactorily.

Therefore, in future contracts containing an Incentive/Disincentive Clause no special note concerning advance approval of an overtime waiver should be included.
