The latest revisions of the New York State Standard Specifications for Highway Bridges are attached. These Blue Pages, dated June 1988, amend portions of the 1983 AASHTO Standard Specifications for Highway Bridges, including the 1984 and 1985 AASHTO Interim Specifications plus the attached 1986 AASHTO Interim Specifications, Bridges.

In conjunction with the issuance of this complete new set of Blue Pages, revised and updated, the 1986 Interim Specifications to the AASHTO Standard Specifications for Highway Bridges shall be considered part of the New York State Standard Specifications for Highway Bridges.

These Blue Pages, as well as the 1986 AASHTO Interim Specifications, shall be incorporated into the existing New York State Standard Specifications immediately. These revisions shall be considered effective upon receipt of this Engineering Instruction.

The complete set of Blue Pages issued with this Engineering Instruction replaces all previously issued Blue Pages for the New York State Standard Specifications for Highway Bridges.
