Distribution: <input type="checkbox"/> Main Office <input type="checkbox"/> Regions <input checked="" type="checkbox"/> Special	Code: <u>EI 73-6</u> Date: <u>1/18/73</u>
APPROVED:  <u>M. Tegza, Final Plan Review Bureau</u>	Supersedes: EI 72-030 DATE 4/20/72

We are submitting to you, under separate cover, transparencies and prints of the following Standard Sheets:

- 73-43A Traffic Signs for Restricted Highways.
- 73-43B Traffic Signs for Restricted Highways
- 73-43D Traffic Signs for Specialty Contracts - Non-Restricted Highways

Standard Sheets 73-43A, 43B and 43D supersede Standard Sheets 72-43A, 43B and 43D respectively, and will be required on all contracts let after April 12, 1973.

The above Standard Sheets have been revised to require that Reflective Sheeting material conform only to the photometric and color requirements of M71A Reflective Sheeting and impose new acceptance requirements based on visual comparison with accepted standards for color and reflective characteristics.

Standard Sheet 73-43B has been revised so text 43 may be rectangular in shape when the sign is portable.
