15-031

Title: **SUPERSEDED ISSUANCES RESULTING FROM ADOPTION OF ELECTRONIC STANDARD SPECIFICATIONS AS OFFICIAL DOCUMENTS**

Approved:

Stephen A. Zargham, P.E.
Director, Design Quality
Assurance Bureau

9/28/15
Date

Expires one year after issue unless replaced sooner

ADMINISTRATIVE INFORMATION:

- Effective Date: This Engineering Bulletin is effective upon signature.
- Superseded Issuances: Numerous Engineering Issuances are superseded by this EB. Refer to the "Technical Information" section for the specific Issuances that are superseded.

PURPOSE: The purpose of this Engineering Bulletin is to supersede all Engineering Issuances that have been incorporated into the September 2015 official electronic standard specifications adopted by EI 15-001.

TECHNICAL INFORMATION:

- The following Engineering Issuances are superseded because their content has been incorporated into the official electronic standard specifications:

EI 92-041	Evidence/Acceptability/706-13 Perforated Corrug. Polyethylene Underdrain Tubing & 706-14/Stormdrain
EI 97-011	Reinforcing Steel, Metric Markings, and Yield Strengths
EI 98-026	Box Beam Median Barrier End Assembly Type C
EI 98-040	Mounting Height of Luminaires, Conductor Options and Conduit
EI 99-021	Reflectorized Pavement Marking Paints
EI 00-027	Revision to Section 560; Revision of Material Item 701-02, Masonry Cement, to Item 701-02, Masonry and Mortar Cement; Revision of Material Item 705-21, Mortar for Concrete Masonry, to Item 705-21, Masonry Mortar
EI 01-004	Section 644 - Overhead Sign Structures Pay Items Serialized; Circular Footing Method A
EI 02-003	Portland Cement Concrete (PCC) Pavement
EI 02-004	Issuance of Specification Section 711-13, Calcium Nitrate Based Corrosion Inhibitors
EI 02-005	Standard Specification Sections 203, 204, 304 and 667
EI 05-019	Revisions to Standard Specification 490 Cold Milling
EI 05-037	Revision to Standard Specification 711-08 Admixtures
EI 05-041	Precast Concrete Pavement Slab Systems - Standard Specification
EI 06-003	Diaphragms for Prestressed Concrete Beams
EI 06-012	Revision to Hot Mix Asphalt (HMA) Mixture Design Requirements in Standard Specifications Section 401
EI 06-014	Culvert-End Safety Grates (Revised Section 603 Standard Items)

EB 15-031 Page 2 of 5

EI 06-026	Revised Standard Specifications Section 697 Field Change Payment
EI 06-035	Revisions to Standard Specifications 606, 704-03, 704-04 and 706-17
EI 07-004	Revisions to Standard Specifications Section 730 Signs and Delineators
EI 07-005	Revisions to Standard Specifications - 704-05 Precast Concrete Barrier
EI 07-007	Pole Mounted Sign Support System Standard Specifications
EI 07-008	Revision to Standard Specifications Section 570 Paint Removal Operations
EI 07-011	Revision to Standard Specifications- 209 Erosion and Sediment Control, 610 Turf and Wildflower Establishment and 713 Landscape Development Materials
EI 07-016	Revised Section 650 - Trenchless Installation of Casing
EI 07-019	Standard Specification Changes for the Adoption of the National Manual on Uniform Traffic Control Devices (FHWA) and the New York State Supplement
EI 07-034	Standard Specifications - Section 205 Contaminated Soil
EI 08-006	Standard Specifications Section 207- Geosynthetics, Standard Specifications Section 209 - Soil Erosion and Sediment Control
EI 08-012	Anchoring Materials- Chemical Curing, NTSB Safety Recommendations
EI 08-015	Elimination of Weathering Steel Bridge Rail
EI 08-022	Standard Specifications- Section 696 Contractor Charges
EI 08-023	New Mix Naming Convention for Concrete and Hot Mix Asphalt
EI 08-025	Standard Specifications Section 629 - Petroleum Storage Tank Closure
EI 08-027	Specification Revisions: Section 501 Portland Cement Concrete General and 711-11 Microsilica, New Specification: Section 711-14 High Reactivity Pozzolan
EI 08-043	Revision to Standard Specifications - 645 Pole-Mounted Sign Support Systems
EI 08-048	Revisions to Standard Specifications 655 - Measurement of Frames, Grates, and Covers
EI 09-003	Standard Specification 711-08 - Admixtures - Non- Chloride Accelerators
EI 09-004	Standard Specifications 730-12 and 730-13
EI 09-005	Elimination of the Pay Factor for Box Beam Guide Rail End Terminal Posts Installed in Rock and References to Rustic Rail
EI 09-010	Traffic Signals - Light Emitting Diode (LED) Modules
EI 09-022	Revised Standard Specification - 557-3.12 Provisions for Concreting in Cold Weather
EI 09-026	Section 621 - Cleaning Culverts, Drainage Structures, and Existing Roadside Sections
EI 09-027	Section 733- Earthwork Materials
EI 09-031	Revision to Standard Specifications: Section 625 Survey Operations
EI 09-032	Section 709 - Stainless Steel Reinforcement
EI 09-035	Revised Specification Section 209- Soil Erosion and Sediment Control
EI 10-002	Section 212 - Rock Slope Reinforcement and Catchment Systems
EI 10-003	New Standard Specification 710-06 Rock Slope Net and Wire Mesh Assemblies
EI 10-004	New Standard Specification 710-27 Rock Slope Wire Ropes
EI 10-008	Utility Trench Excavation
EI 10-009	Revision to Section 402 - Hot Mix Asphalt (HMA) Pavements
EI 10-010	Standard Specification Section 654 - Impact Attenuators - Permanent
EI 10-015	Section 620 - Bank and Channel Protection
EI 10-020	Revisions to Standard Specification - Section 646
EI 10-022	Standard Specifications - 704 Masonry Units
EI 10-023	Section 605 - Underdrains
EI 10-026	Standard Specification Changes for New Box Beam End Assembly Type IIA,

EB 15-031 Page 3 of 5

	Disapproval of Type II End Assembly, and A588 Rail Components
EI 10-027	Revision to Section 608 - Sidewalks, Driveways and Bicycle Paths
EI 10-029	New Standard Specification Section 649 - Audible Roadway Delineators
EI 10-032	Revision to Standard Specification 728-06 Sheet Gasket (Treated Both Sides)
EI 10-033	Section 715 - Castings, Forgings, and Metals
EI 10-034	Section 552 - Externally Stabilized Cut Structures
EI 10-039	Section 704 - Masonry Units
EI 11-001	Mechanically Stabilized Earth System Backfill Material
EI 11-002	Revisions to Standard Specifications 602 - Rehabilitation of Culvert and Storm Drain Pipe
EI 11-003	New Specification for Asphaltic Plug Joints for Bridges
EI 11-004	Revisions to Standard Specification 562 - Reinforced Concrete Three-Sided Structures and 706-17 Precast Concrete Box Culverts
EI 11-005	Revision to Hot Mix Asphalt Section 401 - Plant Production
EI 11-006	Revisions to Standard Specification - Section 502, 555 and 711-07
EI 11-008	Revisions to Standard Specifications Section 551 Piles and Pile Driving Equipment, 720-04 Steel H-Piles and 720-06 Mechanical Pile Splices
EI 11-009	New Standard Specification Section 709-15 Grouted Reinforcing Bar Splice Sleeves
EI 11-010	Release to Perform Contract Work on Private Land
EI 11-011	Revision to Standard Specification 733-20 Underdrain Filter Material
EI 11-012	Revisions to Standard Specifications 555 - Structural Concrete & 582 - Removal and Replacement of Structural Concrete
EI 11-016	Standard Specifications - Section 619 Work Zone Traffic Control
EI 11-017	Standard Specifications - Section 727 Pavement Marking Materials
EI 11-018	Standard Specifications - Section 729 Temporary Traffic Control Devices
EI 11-020	Deletion of Standard Specifications Sections 303, 403, 618 and 703-09
EI 12-001	Revisions to Standard Specifications - Sections 610-615 and Section 713 and Special Specifications for Post-Planting Care with Replacement
EI 12-002	Section 647 - Removing, Storing, and Relocating Signs
EI 12-003	Shop Bent and Shop Mitered Box Beam Guide Rail and Median Barrier
EI 12-004	New Standard Specification Section 601 Architectural Pavements and Treatments
EI 12-006	Standard Specifications Section 698 Price Adjustments
EI 12-008	Optional Use of Warm Mix Asphalt (WMA) Technologies
EI 12-009	Revisions to Standard Specifications 701-04, 701-05, 701-06, 701-08, and 701-09
EI 12-010	Revisions to Standard Specifications 729-01 and 730-21
EI 12-011	Standard Specifications 701-12 Concrete Repair Material - High Early Strength. Revisions to Standard Specifications 502, 555, 569, 602, 603, 604, 606, 609, 704-03, 706-02, and 706-04.
EI 12-013	Revised Standard Specification Section 571 - Disposal of Paint Removal Waste
EI 12-014	Standard Specification Section 204- Flowable Fill and Revision to 552-2.05 C.2. Grout Backfill
EI 12-015	Standard Specification 733-01 Flowable Fill
EI 12-016	Revisions to Painting Standard Specifications Section 572, 573, 574, 657, 708-01 and 708-02
EI 12-017	Energy-Absorbing End Terminals for Corrugated Beam Systems
EI 12-020	Standard Specifications Section 637 - Engineer's Field Office, Laboratory and Equipment

EB 15-031 Page 4 of 5

El 12-021	Correction to El 12-011 Standard Specifications 701-12 Concrete Repair Material - High Early Strength. Revisions to Standard Specifications 502, 555, 569, 602, 603, 604, 606, 609, 704-03, 706-02, and 706-04.
El 12-022	Revised Standard Specifications for Section 407 - Tack Coat and 702 - Bituminous Materials
El 13-002	Revision of Standard Specifications 708-30 Wood Preservative - Creosote Oil, 708-31 Wood Preservative - Water-Borne, and 708-32 Wood Preservative - Oil-Borne
El 13-003	Revisions to Standard Specification Section 211 - Internally Stabilized Cut Structures
El 13-004	Revisions to Standard Specification Section 731 - Subsurface Tensile Elements
El 13-006	Standard Specification 733-02 Mechanically Stabilized Earth System Backfill Material
El 13-007	Revisions to Standard Specification Sections 609 Curb and Curb & Gutter, 624 Paved Gutter, 714-01 Stone Curb, and 714-06 Hot Mix Asphalt Curb
El 13-009	Revision to Standard Specifications for Cast Ductile Iron Frames, Grates, and Covers
El 13-010	Standard Specifications: Revisions to Section 606 Guide Railing and Sections 710-18, 710-19 and 710-20, and New Section 710-28 Anchor Bolts for Guide Railing and Median Barrier
El 13-014	Standard Specification Section 207 - Geosynthetics
El 13-016	New Standard Specifications 701-10 Duct Grouting Material (Structures)
El 13-017	New Standard Specification 717-02 Waterproofing Membranes
El 13-020	Section 552 - Externally Stabilized Cut Structures
El 13-022	Specification Revisions: 701-01, 701-03, and 711-12. New Specifications: Section 701-13 and Section 711-15
El 13-023	Reorganization of Standard Specification Section Numbering
El 13-024	New Items for: Transition Between Half-section and Full- section single slope concrete barrier
El 14-002	Revisions to Standard Specifications Section 619-3.10 - National Transportation Communication for ITS Protocol (NTCIP) Compliant Portable Variable Message Signs (PVMS)
El 14-003	Standard Specification Section 737 – Geosynthetics
El 14-005	New Standard Specification § 706-08 Polypropylene Pipe and Revision to Standard Specification Section 603- Culverts and Storm Drains
El 14-006	Section 206 - Trench, Culvert and Structure Excavation
El 14-007	Revision to Section 402 - Hot Mix Asphalt (HMA) Pavements
El 14-009	Standard Specification § 733-16 Winter Earthwork
El 14-010	Standard Specification Section 203 Excavation and Embankment
El 14-011	Standard Specification Section 304 Subbase Course
El 14-012	Standard Specification Section 554 Fill Type Retaining Walls
El 14-014	Standard Specifications -Section 619 Work Zone Traffic Control
El 14-016	Section 645- Covering and Uncovering Sign Panels
El 14-019	High Mast Lighting
El 14-021	Revisions to Standard Specification Section 100 Phase 7
El 14-022	Revision to Standard Specification 716-06 and 716-07 and Issue of New Standard Specifications 716-03 and 716-04
El 14-023	Revisions to Standard Specifications Section 730-27 - Permanent Variable Message Signs
El 15-003	Revisions to Standard Specifications Section 100 - Insurance

EB 15-031 Page 5 of 5

EI 15-010	Revised Friction Aggregate Requirements for Downstate High Traffic Volume Conditions
-----------	--

TRANSMITTED MATERIALS: None.

BACKGROUND: For additional information on the Department's adoption of the electronic standard specifications, refer to [EI 15-001](#) "*Adoption of Electronic Standard Specifications and Standard Sheets as Official Documents*".
