Title NYSDOT STANDARD SPECIFICATIONS FOR HIGHWAY BRIDGES, JUNE 1994 (OPERATING POLICY AND PROCEDURES MANUAL; BRIDGE DESIGN MANUAL)			
Distribution: <input checked="" type="checkbox"/> Central Office(30) <input checked="" type="checkbox"/> Local Gov.(31) <input checked="" type="checkbox"/> Regions(32) <input type="checkbox"/> Contractors/AGC(39) <input checked="" type="checkbox"/> Consultants(34) <input type="checkbox"/> _____ ()	Approved:  <hr/> A. M. Shirale, Deputy Chief Engineer Structures Division <div style="float: right;"> <u>7/19/94</u> Date </div>		

Effective date: August 15, 1994.

The New York State Department of Transportation Standard Specifications for Highway Bridges, dated April 1991, has been revised. The new edition, dated June 1994, consists of the 1992 AASHTO Standard Specifications for Highway Bridges as modified by the 1993 AASHTO Interim Specifications and by the New York State 'Blue pages.'

The complete set of 'Blue pages' is to be combined with the 1992 AASHTO Standard Specifications and the 1993 AASHTO Interim Specifications for Bridges. The resulting text shall be considered as the New York State Department of Transportation Standard Specifications for Highway Bridges, dated June 1994.

The entire text of the new specification will be distributed to appropriate Department personnel. The Department will provide **only** the New York State modifications, in the form of 'Blue pages' as inserts, for distribution to consulting engineers and others through Department's Plan and Publication Sales Section.

Consultants and others may purchase the "Blue pages" by contacting the following address:

Plan Sales Unit, Bldg 5, Rm. 109
 New York State Department of Transportation
 W. Averell Harriman State Office Building Campus
 1220 Washington Avenue
 Albany, NY 12232
 Phone: 518-457-2124

The new edition of the specifications shall be considered in effect for all structural design projects, unless it is apparent that implementation of such will result in undue delay to projects currently under design.

Questions should be addressed to Ayaz H. Malik of the Structures Division at 457-6465.
