This EI Supersedes: EI 95-034.

Effective with the February 1, 1996 letting, the standard pay item for construction signs, item 619.02 or 619.02M, will be modified by a shelf note to include all the latest requirements which were described in EI 95-034.

Therefore, beginning with the February 1, 1996 letting, it will no longer be necessary to specify special specification 15619.0201 (or 15619.0201M) to get the latest specification for construction signs.

In addition, **§730-05 Reflective Sheeting** is also being revised to conform to the new reflective sheeting specifications which were distributed by EI 95-034.

Anyone interested in seeing a copy of this new shelf note may contact Ms. Beverly Bernstein at (518) 457-6467, and ask for the shelf note titled **CONSTRUCTION SIGNS AND REFLECTIVE SHEETING**.
