

Mr. EDWARDS

TO:	 ENGINEERING INSTRUCTION NEW YORK STATE DEPARTMENT OF TRANSPORTATION
	SUPERSEDED BY EI 75-078 EFFECTIVE 11/6/1975
	SUBJECT: GUIDE RAIL PROTECTION FOR OVERHEAD SIGN STRUCTURES - STANDARD SHEET 645-14-R1
	Subject Code: 7.27-2-645
Distribution:	<input type="checkbox"/> Main Office <input type="checkbox"/> Regions <input checked="" type="checkbox"/> Special
APPROVED:  Deputy Chief Engineer, Facilities Design Subdivision	Code: <u>EI 73-80</u> Date: <u>November 5, 1973</u> Modifies: EI 73-028 DATE 4/26/73

We are submitting, under separate cover, transparencies and prints of Standard Sheet 645-14-R1.

Standard Sheet 645-14-R1 supersedes Standard Sheet 645-14, issued as stated in EI 73-28 dated April 26, 1973.

This sheet has been modified so the approach detail for box beam guide rail agree with the detail as shown on Standard Sheet 606-3.
