NEW DPM REVISION 3 EFFECTIVE DATE

EB 99-002 announced the issuance of Design Procedure Manual (DPM) Revision 3 with an effective date of April 1, 1999. Due to printing problems, Revision 3 has not been fully distributed as yet. Therefore, we are changing the effective date to June 1, 1999.

If you already have a copy of Revision 3, you are encouraged to begin using it. Continue to progress any projects that are currently using DPM Revision 3. As before, the June 1st date applies for all projects (for which the DPM applies), regardless of where the project is in the project development process. Also, approved design approval documents need not be modified.

There also have been delays in posting DPM Revision 3 to NYSDOT's Internet Web Site at <http://www.dot.state.ny.us>. The electronic DPM will now be available on the internet June 1, 1999.

CONTACTS

If you have any questions concerning the DPM, please contact your Regional Quality Control Engineer. Regional Quality Control Engineers with project-specific questions should contact their respective Regional Liaison Engineer in the Design Quality Assurance Bureau. General questions regarding this EB or the DPM should be addressed to Jim Dunham (518) 485-7321, Carol Hennessy (518) 457-7278 or Rick Wilder (518) 457-1572 of the Design Quality Assurance Bureau.
