This Engineering Bulletin supersedes EBs 99-040, 99-042, 99-043 and 99-059. It also replaces EB 99-014 and is effective immediately.

It is the policy of the Engineering Information Issuance System (EIIS) Administrator to issue, by Engineering Bulletin, a revised index after new or revised Standard Sheets are issued. When an EB with an index is issued, it notes which issuances it supersedes. The Standard Sheets attached to the superseded issuances stay in effect unless specifically noted as revised/superseded.

The latest change(s) include(s):
