Distribution: <input checked="" type="checkbox"/> Main Office <input checked="" type="checkbox"/> Regions <input type="checkbox"/> Special	Code: EI 75-34 Date: 5/19/75	
APPROVED:   J. Sternbach (Construction) - R.H. Edwards (Facilities Des.)		Supersedes:

The FHWA has directed that the PS&E package submitted for federal approval contain a statement as to whether supervision of construction is to be by State or consultant forces. Therefore, when you submit PS&E to the Final Plan Review Bureau, please include a statement in the transmittal letter indicating who will do the construction supervision.

You should send a copy of the PS&E transmittal letter to the Deputy Chief Engineer (Construction). If he does not agree with your determination he will advise the Facilities Design Subdivision within two weeks of the date on the transmittal letter. If he determines that supervision will be by consultant, he will ask the Contracts Bureau to initiate a consultant contract.

This procedure is to be initiated with the submission of all (Federal & State) PS&E's for the September 4th letting and thereafter. Furthermore, in order to cover projects in lettings from June 12 to the September 4 letting, the Facilities Design Subdivision is notifying FHWA that construction supervision will be by State forces. Please advise the Construction Subdivision immediately if you anticipate construction supervision by others on any of these projects.
