APPROVED:  <u>Deputy Chief Engineer (Facilities Design)</u>	Date: <u>8/27/76</u> Supersedes: EI 74-085 DATE 9/6/74

We are submitting, under separate cover, transparencies and prints of subject standard sheet. This standard sheet supersedes Standard Sheet 655-8R2 issued by Engineering Instruction 74-85.

The new sheet shows the design for our "Bicycle Safe Parallel Bar Gate." The new grate incorporates several transverse bars which will prevent a bicycle wheel from entering the space between the parallel bars.

On going contracts this grate may be substituted for the grate shown on Standard Sheet 655-8R2 by order-on-contract and at no additional cost to the State.
