| <p>SUBJECT: STANDARD DETAILS FOR HIGHWAY BRIDGES, REVISION TO</p> <p>Subject Code: 7.25-1</p> | |

Attached is the reprinted manual of the Standard Details for Highway Bridges, dated May 1977.

This manual replaces in its entirety, the present manual, which will no longer be used.

All Page numbers and Article numbers refer to this May 1977 issue, since many pages were renumbered and the Table of Contents has been revised accordingly.

Revisions not covered by previous Engineering Instructions, but now included in this May 1977 issue, are detailed below:

| PAGE | | |
