Payment for Item 302.01 BITUMINOUS STABILIZED COURSE has been made at different times because of varying regional interpretations of when the work of this Item has been completed. Effective immediately, full payment for Item 302.01 BITUMINOUS STABILIZED COURSE is to be made after the contractor has placed, properly cured, and compacted the material to the required tolerance. Payment is to be made at that time even if another item is to be placed upon the bituminous stabilized course.
