 Deputy Chief Engineer (Facilities Design)		

We are transmitting, under separate cover, the following revised Standard Sheets:

606-3R2	BOX BEAM GUIDE RAIL
606-4R1	BOX BEAM MEDIAN BARRIER

These sheets have had details for alternate splice plates added to them. This alternate allows the Contractor to drill and tap the plates or to weld 3/4" hex nuts to the plate at his option. No other changes have been made to these sheets.

These revised Standard Sheets shall be used on all projects with box beam guide rail or box beam median barrier or both commencing with the August 2, 1979 letting.
