<p>APPROVED: <u><i>E. J. Hurigan</i></u>  <u>Deputy Chief Engineer (Structures)</u></p>	<p>Date: <u>  3/10/81  </u></p> <p>Supersedes:</p>

Effective immediately, the 1980 Interim Specifications to the AASHTO Standard Specifications For Highway Bridges shall be considered part of the New York State Standard Specifications For Highway Bridges.

These Interim Specifications have been reviewed by the Structures Division and no changes are required. Consequently, no Blue Insert Sheets will be issued in conjunction with this material.

This Engineering Instruction revises portions of material included in the New York State Standard Specifications For Highway Bridges under E.I. 79-15 and E.I. 81-5.
