Distribution: <input type="checkbox"/> Main Office <input checked="" type="checkbox"/> Regions <input type="checkbox"/> Special	Code: <u> EI-72-9 </u>
APPROVED:  _____ Director, Landscaping Bureau	Date: <u> 2/3/72 </u> Supersedes:

The Department of Environmental Conservation will no longer supply plants or rooted cuttings free of charge for planting on highway construction contracts.

Due to this policy change, future contract items for planting seedlings or rooted cuttings will require the contractor to furnish the plant materials at his expense. The "special note" shown below should be included in the proposal to call the contractor's attention to the fact that the plant materials are available for purchase by him at a State nursery for use on our highway projects. The contractor must place his order through the local Regional Foresters' Office no later than September to assure availability of plants the following spring.

Sample Special Note

Plant materials specified for Item* _____ may be purchased from a State operated nursery by placing an order for the plants on forms available at all Regional Foresters' Offices. Orders must be placed no later than September for plant materials to be planted the following spring.

*Applicable item number and name to be filled in for each project.
