M. TEGZA, Final Plan Review Bureau

SD sheets 644-1 through 644-7 were issued by EI 83-4 dated January 19, 1983. One fabricator recently expressed some concerns about the fabrication requirements shown on SD 644-1 and 644-4. These concerns were referred to the Structures Division for review. Based on their review, SD 644-1 and SD 644-4 have been modified to reflect these changes. Therefore, we are reissuing new mylars for sheets SD 644-1R1 and SD 644-4R1 dated August 24, 1984.

These new sheets shall replace SD 644-1 and 644-4 dated January 19, 1983. These new sheets become effective with the letting of February 21, 1985 and mylars of them will be forwarded to the Region under separate cover.
